

M6

Light goes bright

Light goes bright

The scales of balance between performance and portability have now tipped in your favor. The new ASK Proxima M6 is the first truly ultra-mobile projector with the onboard features and power to rival most meeting room units. Harnessing an amazing 1800 lumens and advanced DLP® imaging technology, the M6 outputs the clear, vivid images with brilliant colors. Onboard high-performance compact optics combines with native XGA resolution to showcase your most important presentation, and offers automatic 16:9 scaling to support multimedia presentations from any video source.

It's all in the delivery

To keep your briefcase light and shoulder-friendly the M6 weighs a minute 2.4 lbs and easily slips next to your laptop. Hosting multiple connections, the M6 supports HDMI, component or M1 through its M1-DA port so your presentations are as crisp and clear as possible. Moving across the country or across the hallway for presentations is made easier and clearer than ever thanks to three key features:

- Onboard 1.3:1 zoom ratio:
(a perfect hybrid lens for small spaces or large conference rooms)
- Lens-mounted ultra-fine adjust manual zoom
- Lens-mounted ultra-fine adjust manual focus

Speaking prowess

The M6 uses a standard 4000-hour lamp, this amount of life will give you years of maintenance-free projection with nothing to clean or replace. This means projector air filters are a thing of the past and you'll never be embarrassed by a filter warning on-screen during your most important presentation.

Onboard M1-DA, Composite & S-Video inputs make the M6 capable of projecting from nearly any source

ASK Proxima TECHNICAL SPECIFICATIONS*

Native Resolution	XGA 1024 x 768
Display Technology	DLP® by Texas Instruments™: 0.7" XGA DMD
Input Sources	Computer (M1-DA), video (S-Video and Composite), audio (3.5mm mini jack)
Output Sources	Monitor Out (VESA); Stereo Audio (3.5 mm)
Computer Compatibility	VGA
Video Input	NTSC 3.58, NTSC 4.43, PAL (all)
Brightness	1800 max ANSI lumens
Contrast Ratio	1100:1 full on/full off
Lamp	125W UHP/4000 Hours*
Digital Keystone Correction	±15° vertical; data/video
Image Offset	110%
Projection Lens	Zoom Lens with manual focus and manual zoom adjust
Throw Ratio	1.85 – 2.35:1 (distance/width)
Zoom Ratio	1.3:1
Minimum Projection Distance	1.5m
Aspect Ratio	4:3 (standard); 16:9 video, data
Number of Colors	16.7 million
Image Size (diagonal)	2.7'/0.8m (min) – 22.2'/6.8m (max)
Projection Methods	Front, Rear
Audio	1.0 Watt
H-Synch Range	15 – 100 kHz
V-Synch Range	43.5 – 130 Hz
Dot Clock	13.5 MHz-14.0 MHz
Projection Lens	Zoom lens with manual focus and manual zoom adjustment
Minimum Projection Distance	4.92' (1.5 m)
Image Offset Ratio %	115%
Audio	1.0 Watt
Control	Projector keypad; IR remote control; Wired control through USB
Product Dimensions	6.1" (L) x 7.8" (W) x 2.5" (H) 19.8 Cm (L) x 15.5 Cm (W) x 6.4 Cm (H)
Product Weight	2.4 lbs (1.09 kg)
Shipping Dimensions	8" H x 20" L x 15" W (20.32 cm H x 50.86 cm W x 38.10 cm L)
Power Consumption	155W
Power Supply	100V – 240V at 50 – 60 Hz
Operating Temperature	5° – 35° C at sea level (0' to 10,000'); 45° – 95° F
Ships with	Computer cable (with tie wrap), power cable (with tie wrap), carry case, lens cap, remote control, user guide, detailed reference guide, CD
Menu Languages	English, Norwegian, Spanish, Italian, Portuguese, German, French, Chinese (simple), Japanese
